## Oh, God Today Has a Human Face

Oh, God today  
Oh, God today  
Oh, God today  
has a human face  
Oh, God today  
Oh, God today  
Oh, God today  
has a human face  
Heaven's child in earth's embrace  
Blanket wrapping grubby grace  
Oh, God today  
has a human face

Oh, hope today  
Oh, hope today  
Oh, hope today  
has a human face  
Oh, hope today  
Oh, hope today  
Oh, hope today  
has a human face  
New life born in dusty shed  
Promise crying to be fed  
Oh, hope today  
has a human face

Oh, peace today  
Oh, peace today  
Oh, peace today  
has a human face  
Oh, peace today  
Oh, peace today  
Oh, peace today  
has a human face  
War zone cut by infant's sigh  
From Baghdad and Palestine  
Oh, peace today

has a human face

Oh, joy today

Oh, joy today

Oh, joy today

has a human face

Oh, joy today

Oh, joy today

Oh, joy today

has a human face

Angels pointing down our street

Heaven swirling at my feet

Oh, joy today

has a human face

Oh, love today

Oh, love today

Oh, love today

has a human face

Oh, love today

Oh, love today

Oh, love today

has a human face

Prodigals are welcome here

Refugees no longer fear

Oh, love today

has a human face

All earth today

All earth today

All earth today

sees heaven's face

All earth today

All earth today

All earth today

sees heaven's face

Mystery present in this place

Turning point of time and space

All earth today

sees heaven's face

All earth today  
All earth today  
All earth today  
sees heaven's face  
All earth today  
All earth today  
All earth today  
sees heaven's face

(last repeat is the first 8 lines of the stanza.)
